Usage fees

Lower price if booked in advance!

Limited area

From **490** (24 hours)

With the
“Early discount campaign”

490 yen/day!

■ **Requirement:** You must sign up for **Toku-Toku Plan, Komi-Komi Plan, Mini-Mini Plan or Carryover Plan +5G (no longer available)**

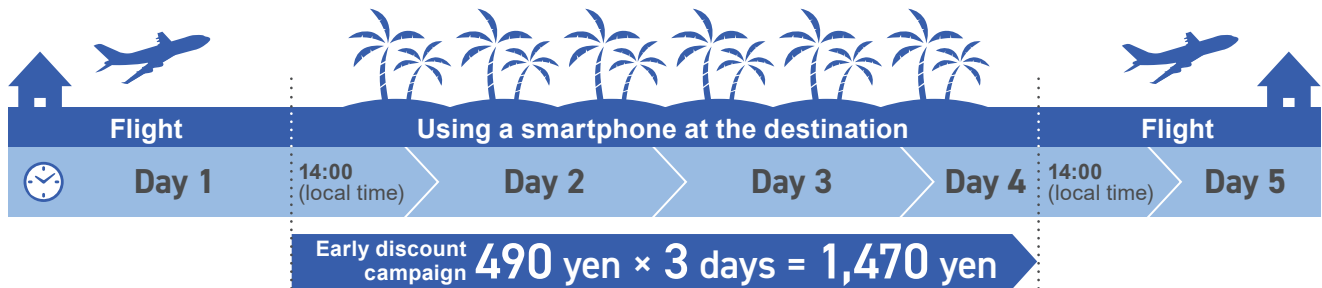

※The “Early discount campaign” and “Early discount” must be booked in advance in Japan prior to international departure. ※The data usage under World Data Flat will consume the monthly data allowance of the various fee plans in Japan such as Toku-Toku Plan, Komi-Komi Plan, Mini-Mini Plan, and Carryover Plan +5G (S/M/L) as well as the data volume purchased for Data Charge*1. ※Your data speed will be limited according to your data usage*2.

Usage fees

	Countries and regions covered	Courses		
			Fees	Number of days permitted

※The covered countries and regions are subject to change without notice. For the latest list of countries and regions, please visit the au website.
 ※The last day of the Early discount campaign will be announced on the au website as soon as it is determined.

Example: 5-day, 3-night stay in Hawaii using World Data Flat booked in advance

Use the service in multiple countries on your trip!

Example: 5-night, 7-day round-tour of Europe (France and Germany) using World Data Flat booked in advance

○There are additional charges for voice calls, video calls, SMS (C-mail), and international SMS. ★1: If you use more data than the monthly data allowance or exceed the data volume limit of your fee plan, the maximum incoming/outgoing communication speed will be limited to 128 kbps. Even if the total amount of data used falls within the data volume allocated for your plan, the communication speed may still be affected by the policies of the overseas communication provider. ★2: If you use more than 3 GB of data every 24 hours from the start of the service, the maximum incoming/outgoing communication speed will be limited to 1 Mbps until the next 24-hour window begins. ※For UQ mobile (Mini-Mini Plan or Carryover Plan +5G (S/M/L) <no longer available>), if you are on a data saver mode, the maximum incoming/outgoing communication speed will be limited to 128 kbps. ※Fees separately apply such as for UQ mobile usage, options, universal service, and call relay service.

Read caution on Page 3 too.

World Data Flat

Ends automatically

Good to know!

Data communication becomes possible at the time you booked and ends automatically upon expiration, so you do not need to worry about unexpected high fees!

[Caution]

- This service covers email, Internet use, and tethering from UQ mobile phones (including tablets).
- <If you do not wish to use World Data Flat> You must apply for the "Option Rejecting World Data Flat"; in this case, you will be charged according to Kaigai Double-Teigaku.
- Regardless of whether or not you are a Flat-rate Data service user, your line may be temporarily suspended if your overseas data communication fees become considerably high.
- Depending on the telecommunication situation at your destination, our partnered providers overseas as well as applicable regions and cities may vary or become unavailable.
- Depending on the terrain and location, the service may not be accessible even in covered cities and areas.
